## Sierra Leone 2019

By Clay Ward

(pastor of Pleroma Bible Church)

Another trip to Sierra Leone found Tommy Northcott and myself once again amazed at God's faithfulness. Before our departure from home, we were both surrounded by people with the flu virus. The thought of contracting the virus before or during our travels was definitely on our mind. Such circumstances provided an opportunity to totally trust the Lord for protection. God faithfully answered our prayers and the prayers of others to keep us from sickness so we could concentrate on the ministry of teaching 1 Corinthians to the men and women who sacrificed to be at the workshop.

The book of 1 Corinthians highlights problems in the church and challenges one's own theology. We saw that first hand in teaching the book during the DM2 workshop this past February. Many of the attendees remarked about how the clear teaching of Scripture challenged their pre-conceived theological persuasions. Some struggled on the issues of the sign gifts but were willing to give God's Word a hearing. One pastor commented that recognizing the prophesied purpose of the gift of languages as a warning to Israel cleared up the issue up for him.

We had several newcomers who struggled with eternal security. However, by the end of the workshop they were convinced of their eternally secure status in Christ through understanding Paul's teaching to the carnal Corinthian believers. We were blessed with the opportunity to address many application concerns in the areas of marriage, family, and church discipline, which encouraged the men and women to recognize the sufficiency of Scripture in every area of life. Please continue to pray for the disciple makers in Sierra Leone as they go out to clearly proclaim the true grace Gospel and teach the Scriptures with no gimmicks or strings attached.

Tommy and I continue to give thanks to the Lord for His faithfulness to verify the method of simply preaching Christ and Him crucified. Furthermore, we praise the Lord for His protection and provision during this trip. We also ask that you pray for the planned workshops in the future. Pray for guidance, provision, and the preparation to faithfully teach God's Word. We can trust God to hear our prayers "for the word of the LORD is upright, and all His work is done in faithfulness" (Psalm 33:4).

# February 2019 DM2 Report

by Michael Turay

(field leader in Sierra Leone)

Teaching a group of pastors and church leaders for so many years has proven kind of difficult. There are times I have looked back at how much work it has been and wondered what impact it has made. This February, however, during the DM2 training on 1 Corinthians, my concerns were alleviated.

A lot of the new attendees at this conference were trainees of some of the core group of leaders we have been teaching for so long. The most encouraging testament to the impact of our prolonged effort was the responses of our core group of trainees to the questions of the newcomers. Let me explain.

The tradition in all our meetings [and a customary practice in our country] is to have a heated discussion on God's Word after each training session, especially on the issues being presented by the teachers. These animated dialogues will go on till late at night. Well, this year the new guys asked many questions and our trainees themselves were able to give them thorough, convincing answers that helped change their thinking.

Also encouraging is that at least three of our trainees are now in charge of three churches where the truth of God's Word is being taught. One of them started his own church not long ago. These pastors are teaching at least 150 people weekly. We are also seeing the DM2 trainee pastors asking their fellow trainees to join them in teaching their self-organized conferences in different parts of the country. What an encouragement! This is the Lord's doing and He alone is worthy of all the praise and glory.

## **PRAISE AND PRAYER:**

As always we covet your prayers for us as we develop curriculum and have it translated into the various languages. Also, we continue to appreciate prayer for direction, safety and wisdom. Pray too for the local field leaders on each field as they organize workshops and give direction. And pray for those who attend DM2 workshops to faithfully teach others as God leads.
