Livingston, TX 77351

USA

Youth for Jesus/DM2 was established through the efforts of our American brothers, John Clark, Rob Armstrong and others, who sacrifice their lives to reach to Liberia with the GRACE message. The message of grace has transformed our lives and we want to extend the gospel to other parts of the country. Liberia is a post-war country with a bad economic, political, and religious system. The cost of living is high, we have a poor medical system, and the road conditions are bad. We believe that through the entry of the gospel, our nation will be transformed.

The Youth for Jesus was established in 2010, but it did not officially begin to function till DM2 entered Liberia. We presently have 30 trained young people who are eager to spread the gospel. Since DM2 came, we have had workshops in many parts of Liberia. Presently we trust God to reach fifteen counties.

Below are the **testimonies** of people who have been transformed by our DM2 workshops.

*"My name is Lawrence T. Jabater. I live in Careysburg City, Montserrado County. I came from a religious sect, and for a very long time I had been in darkness. Since I came in contact with the DM2 team and received the gospel, my life has changed. I am now saved."*

*"My name is John Kollie. I live in Todee, Montserrado County. I had been in church for over 18 years not knowing Jesus. But since I received the gospel through the Youth for Jesus/DM2 team, my life has changed."*

In October, Youth for Jesus/DM2 held a three-day workshop in Freeman Reserved community. We brought 20 team members. The workshop was so great. Over hundred attended the workshop each day. There were many people who put their faith in the finished work of Jesus. We have more trips planned to Maryland County, Rivercess County, Grand Bassa County, Nimba County, and more.

A **testimony** from one lady who attended this workshop.

*"Hello, my name is Martha. I live in Freeman Reserved where the DM2 workshop was held. My life has been very troubled for so many years. I am a mother of six children and [was] living without Jesus. I attended the DM2 workshop held in Freeman Reserved recently and I put my faith in the finished work of Jesus and now I am saved."*

### PRAYER REQUESTS FOR LIBERIA:

- For the pastors and church leaders as they teach, especially as they teach the doctrine of eternal security, since most Liberians believe they can lose their salvation.
- For the pastors to respond to the Lord's promptings to move out in disciple-making and realize it as a high-value use of their time.

## Newest Full-time DM2 Missionary

by Cody Hughes

I am excited to start the adventure into the world of full-time missions alongside my lovely new bride, Julia. We will be residing in the pleasant town of Woodville, Texas, which is in close proximity to the DM2 hub. I will be working with Bret to absorb as much as I can about ministry through mentorship and hands-on training. My work will involve mission trips, team formation, curriculum development, and many other activities related to the Great Commission. All the while, I plan to continue to train up new teachers by conducting youth conferences and online zoom studies as I have done in the past (2 Tim. 2:2).

The reason I have chosen to work full-time with DM2 is quite simple. Not only has God used DM2 in miraculous ways to tremendously impact my own life, Julia and I have also witnessed how this ministry has impacted others in the same way. To see young people excited about the building of God's church and the spreading of His Word is a cause for rejoicing! We recognize we are at a critical juncture in history. Young people are looking for answers in the midst of the confusion and chaos that engulfs our world. And we know, the only person who can provide these answers is our Savior, Jesus Christ (Jn. 4:13-14). It is an exciting time to be alive and involved in God's work!

While we do not know all God has in store, Julia and I are eager to participate in the plans God has for our future. We echo the prayer of Job: "I know that You can do all things, and that no purpose of Yours can be thwarted." We are so thankful for God's grace in our lives and consider ourselves blessed to be involved in this endeavor.
