On our third trip to Cameroon, we met our team in Yaoundé, the capital city. We visited a king and were visited by a senator and an advisor to the prime minister. We were tremendously honored to meet these Christians serving their country. We met many old friends as well and made many new friends. We were also honored to attend an installation ceremony for our host pastor, Dieudonne.

Our purpose for this third trip was to teach the pastors the book of Galatians and the gospel. Drew Smith and I began slowly expounding on the text for five days, six to eight hours each day. Over 80 pastors assembled daily to learn the grace gospel and Paul's challenge to live the spiritual life by grace and not by the law or any form of legalism.

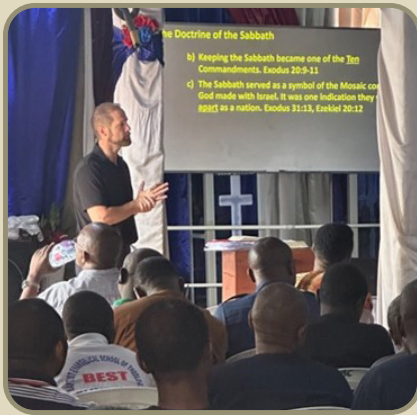

Many of these pastors traveled through great adversity to attend the workshop. Currently, the country has a civil war in certain areas. One set of pastors who traveled through this area were detained for some time before being allowed to pass. Even on the return trip to their homes, they met additional obstacles due to the fighting.

Because of these factors, God's word had a significant impact in their lives and the men rejoiced to learn the teaching. Grace was the focus of each lesson; grace produces better results than the law ever could. From the questions we received, the pastors understood that grace is the means for salvation and for living a spiritual life. Many of the men have been teaching Romans in their churches and several now are teaching Galatians. We anticipate another trip soon to share in the revelation of God's word as well as in the growth of these pastors and their congregations.

Attendee Comments:

I wish to appreciate you people in the following areas: 1.) Your faithfulness to the gospel. 2.) Your seriousness about the truth, which is my heart's desire. 3.) I'm really encouraged to have learned more about grace and my desire is to learn even more.

My sincere appreciation to DM2 for this great teaching about the grace of God. I am in love with this grace. Thank you for the enlightenment. I promise to teach this as it is without mixing it. I pray God grants you another opportunity to come back.

I am so thankful for the opportunity to sit at the feet of these instructors. Your coming to Cameroon has shown me the focus of the gospel of grace in my life and ministry. This simple message and the explanation are a great tool for ministry. The book of Galatians has transformed my life to know that I need to live the Christ life only by the Spirit and by grace. What a freedom we have to stand in it and enjoy the Christian life.

I thank God for His grace upon my life. I have unknowingly been living in legalism. I have repented in this workshop. I thank God for you people.

I will personally say thanks to God for He protects His word to continue to advance from generation to generation. Thank you for accepting to be a missionary to Cameroon. I will be praying for DM2.

I wish that this teaching is done in Cameroon repeatedly and consistently. If there is a possibility of including other influential church leaders in the program, not only pastors, it would be wonderful.

What I have learned through this is that the cross is the solution to all the victorious Christians. Grace brings the real victory over the world. God bless you both for revealing the truth.

My dear people, I want to thank God for you. I want to confess that I have been teaching false teaching in the church of God. Thank you for opening up my mind to the grace of God. Sirs, go well and come back before time.
