It was such a blessing and privilege to participate in a mission trip serving Nepali churches in Kathmandu. This experience reminded me how easily we take for granted the freedoms we enjoy here at home – the freedom to openly share our faith, teach God's Word, and worship without fear of persecution. In Nepal, sharing the gospel with the intent to convert others is legally restricted, making the opportunity to encourage, equip, and support those faithfully serving Christ in their own country especially meaningful.

Pastors and their families traveled from various regions throughout Nepal, some enduring bus rides of more than 20 hours to attend the teaching. Many shared how much they look forward to these gatherings each time DM2 returns. Their anticipation was evident in their genuine hunger for God's Word and their eagerness to learn.

Teaching verse by verse and chapter by chapter through Genesis and Exodus provides these pastors with a strong biblical foundation. In a country shaped by diverse religious traditions and cultural backgrounds, sound, expositional teaching is essential in helping church leaders recognize and guard against mysticism, false teaching, and doctrines that stray from the truth of Scripture.

Personally, revisiting these books was equally encouraging and convicting. Throughout Scripture, we see God's faithfulness to his covenant people and his sovereign purpose to redeem a people for Himself. We also see the stubbornness of the human heart – how easily we turn toward our own desires rather than trusting and obeying the Lord. Yet, even in the midst of mankind's repeated sin and rebellion, God's grace, mercy, patience, and righteousness are continually revealed. His judgment reminds us of His Holiness, while His faithfulness points us to the greater redemption ultimately fulfilled in Jesus Christ.

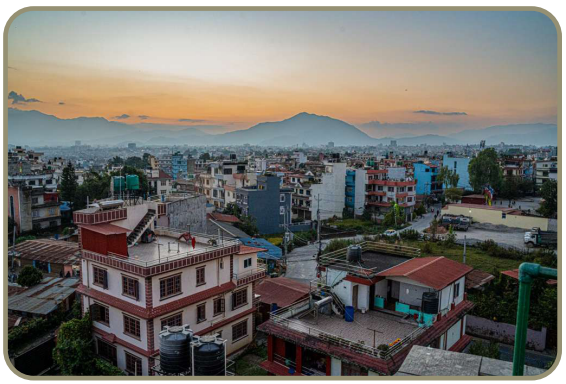

I will continue to pray for the people of Nepal, especially the pastors and believers who faithfully proclaim the gospel despite the challenges and persecution they may face. There is tremendous opportunity for the gospel to spread throughout Nepal, but lasting spiritual growth must be rooted in the truth of God's Word. These pastors need continued encouragement, support, and sound biblical teaching in their own language so they can faithfully shepherd their congregations and equip others to do the same.

I am deeply grateful to have played even a small part in this important work. What a privilege it is to witness the Lord building his Church across nations, cultures, and languages. May He continue to strengthen these faithful servants, protect his people, and use the clear proclamation of his Word to bring many to saving faith in Christ.

**To God alone be the glory.**
