

Unbelievably, three webinars are now behind us: John, Romans for Youth/College-Age and Romans in Spanish.

The Spanish webinar reached Spanish speakers far and wide. Despite 30+ teachers from North, Central and South America, only one teacher missed his appointment. There were a few times that someone's internet lagged, but for the most part, from Mexico to Uruguay the broadcasts came through amazingly well. This was nothing short of a miracle, considering the irregularity of electricity and internet in many places.

Following are testimonies from some of those who attended:

The Romans webinar was very good and a great blessing for my life. In 2018, thanks to the study of Romans, my life changed. God brought peace to my life, since previously I believed that salvation was by working and that it was lost every time I sinned. I struggled a lot with this. I felt that God was bad, that I could never be saved, and I felt like a failure and frustrated by sins. But, through the study of Romans, everything changed. Now my life is different.

This webinar reminded me again of these truths. I learned the great love of God and felt it in every brother who shared His word.

I also learned that giving a false gospel destroys lives. Therefore, it is imperative for me to study the word of God more to avoid being deceived and to be able to share more with my family and other people.

How wonderful to know the promises God gives us in Romans 5:1 and 8:28, 35!

This week was for me a time of meditation: to see my life in the light of God's word and refresh myself with promises that were foggy to me. In this battle that we have against the evil one, we will have wounds, but it is good to rest (in the fact that) VICTORY is safe! Glory to our Father and to Jesus Christ (through whom we have PEACE with God), and to the Holy Spirit who helps us in this journey.

I am grateful for this study that allows us to contemplate and depend on God and I'm looking forward to more courses.

International Prayer Meeting with teachers prior to webinar

This webinar was a great way to continue to know God. I am very strengthened in Him. Many of my doubts were clarified, and I learned that the Christian life should be enjoyed and not endured. The blessing I received is great and difficult to capture in this text, but God is a witness and he will reward you.

A cordial and affectionate greeting from Mexico.

Thank God after many years I returned to be in communion with God and today I want to thank you for the study of Romans and the three tenses of salvation that have helped me a lot to clarify many things and given me the courage to live "the eternal life," knowing and serving God. Now I see that I failed many times in my Christian life because I did not understand that living day by day is by faith with the help of the Holy Spirit and not in my strength, in the same way I trusted and believed in Christ as my Savior.

Above all, the study of sanctification is the most difficult for us as Christians to understand: to live according to our position with Christ in God. Investing in this study has been my greatest time during this quarantine.

It gives me great encouragement to continue learning more about this beautiful package, SALVATION, that God prepared for us in advance. This everyone must know! **C. V.**

Personally, I was very blessed, because even though I knew God's word, I acted legalistically; therefore, when I failed the Lord, I automatically felt separated from God.

Now, thank God, I feel free and delight in the joy of my salvation that comes from our heavenly Father. May God continue to bless the lives of the teachers. Thank you. I would like to continue learning. **J. M.**

Simply excellent! It was a great blessing and edification. Many of my doubts were cleared up. I will be in contact concerning future studies. **J. Z.**

Brothers and sisters, I cannot describe the joy it gave me to hear the teaching of the Word. I now understand what Christ meant by "THE TRUTH WILL SET YOU FREE." Through this study I can see from another perspective the life in Christ: that my justification was by faith; my sanctification is not by my failed efforts, but also by faith; and that by faith we will be glorified. For a long time, I struggled with many things, but knowing his truth, I can now understand how to live the new life in Christ.

This study has personally challenged me to seek to learn more from the scriptures and to prepare myself to share with all my family, my brothers and sisters in the faith, and those around me. I would love to be able to take this, and other courses you can offer, again so that I can be edified in the truth of the word of God.

A hug and greetings in the love of Christ. God bless you and may he continue to strengthen, guide, and sustain this ministry. **A. P.**

I want to thank God first of all for this wonderful opportunity to receive His word concerning our salvation. It seems incredible that five days have passed. One hardly wants to get rid of one's computer screen because each teaching is so rich, with so much conviction, clarity, and simplicity to explain and reinforce everything related to our salvation.

Thank you to the DM2 organization for this seminar supported above all in our Bible.

I thank our church and brother Oscar Portes (Venezuelan Field Director) for their unreserved determination that as servants we must prepare ourselves every day to be approved disciples who transmit the word of salvation. **N. G.**

PRAYER :

Please remember DM2 in prayer in these challenging days. We are busily trying to put together three courses using the materials that were taught during the webinars. Pray for God's strength and wisdom, as well as supernatural ability to accomplish this goal.
